Axole Maranjana

me@axole.online / +27 68 172 1606 / Johannesburg, Gauteng

Summary

I am a highly resourceful IT graduate with a Diploma in Business IT and currently pursuing an Advanced Diploma in Business IT. I possess a strong foundation in programming, database management, and business applications. My proficiency in HTML, CSS, JavaScript and Git has given me the expertise to develop and deploy web-based applications through various projects worked on at Technopreneurship Centre. As an analytical problem-solver with excellent communication abilities, I am passionate about staying up-to-date with emerging technologies.
